# «Fashion and Gender: What is Cross-dressing?»

Cross-dressing is known to have been banned in the Bible. And especially, in France, cross-dressing by women was banned by the police ordinance of 7 November 1800. This police ordinance prohibited the act of women wearing men's clothes in the public place, except in the case of obtaining special permission from the doctor for health reasons. However, in the history of Europe, women often wore men's clothes. Why did women wear men's clothes? I try to reveal various motives of cross-dressing by women seen through the examples of modern France.

***Conférence tout public – en anglais***

***Entrée libre – dans la limite des places disponibles***
